Question 2 (Other)

Respondents	Other (please explain)
1	Privacy. Personal Freedom of choice. Other health considerations. If the vaccination is so effective, why are vaccinated people concerned about being exposed to unvaccinated people. We currently practice social distancing from vaccinated and unvaccinated people. Is the vaccination not as effective as we are being led to believe? Also, it seems like discrimination towards those who are taking a risk being vaccinated.
2	if the federal govt is going to rollout a canada wide proof of vaccination card, why is provincial government also investing in this? This is a duplication and waste of money.
3	We are waiting for more information about the cards & process.
4	Over burdening the RCMP officers that are already overworked yes to vaccine ard but should only be needed for concerts large sporting events high intensity yoga spin classes etc conferences weddings and funerals over 50 people etc
5	privacy concerns
6	All of the above This is a complete invasion of human rights and privacy. Definition of Coersion: Use of force or intimidation to obtain compliance by a government or police force.
